Beyond the bar, we offer immersive experiences. From guided spirit tastings to traditional absinthe service, each is designed to encourage curiosity, conversation and a deeper appreciation of what's in the glass.

For private events, we offer:

The venue can be configured to feel relaxed and informal or structured and presentation-led, to suit your requirements.

LYNRACE
SPIRIT

A Space with Presence

Lynrace Spirit is layered, the space unfolds naturally, offering a variety of settings within one cohesive space.

Low armchairs create quieter moments and bistro tables encourage closer conversation, while high tables with stools allow for relaxed standing receptions and easy movement.

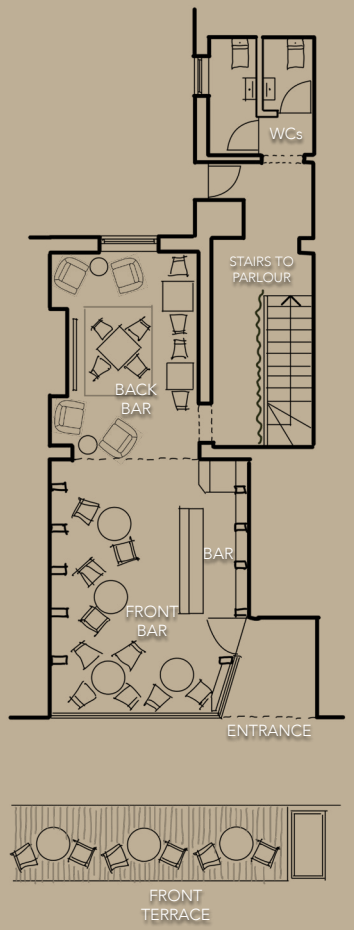

This variety allows guests to settle where they feel most comfortable.

The upper bar carries a more lively energy, animated by conversation, cocktails and movement throughout the evening. In contrast, the parlour offers a softer atmosphere more intimate, homely and lounge-like designed for slower moments and longer stays.

Both the bar and the parlour carry energy that feels sociable without being crowded, intimate without being enclosed.
